Also, every customer placing an order for a Hardwood and a Softwood Dumpy Bag before the end of July 2011 will be entered into a FREE DRAW to win a dumpy bag of hardwood.

Why not get some other products delivered free with your order, and save time and money? See our price list on the back page or check out our website at:

www.thewoodfuelcentre.com

August Promotion

Order any Dumpy Bag of Logs during August 2011 and pay nothing until October 2011. Ask our staff for further details.

"Many thanks for your continued support."

Neil Hedley
Director

Hello again!

A year has passed already since our last newsletter and lots has been happening at The Woodfuel Centre. What a winter we had! The snow kept on falling and demand for kindling and logs soared. Despite the challenging weather conditions, Darren was out and about with the service users and volunteers, delivering the orders and managing to meet each and every one. Many of you took advantage of our free stacking service where Darren and his team stacked your logs at your premises (please continue asking for this when you place your future orders). Trevor and I also enjoyed helping out and meeting the customers, donning our essential winter woollies as you can see!

**Trevor Bell & Neil Hedley
Winter Deliveries**

One of our Volunteers, Jack, who has been with us for the last six months, has taken up a position with us as a Support Worker. We have secured some initial funding for this post through a Government programme called 'Creating Jobs in the Real Economy'. Jack will continue to support our service users with their daily tasks and assist them in putting up our customers' orders.

We are working with Key Training who are offering training towards NVQ Level 2 certificates in Warehousing to all our service users. Upon completion of the training, services users will be competent in health and safety issues, moving and handling, stock control and customer service. They are all looking forward to the experience and the opportunity to achieve the award.

Other staff have also been busy undertaking extra training. Craig and Stu have both achieved their NVQ Level 3 certificates in Health & Social Care and Darren has completed his 'Training the Trainer' course as well as Timber Identification training. In addition, all staff on site have passed their First Aid at Work assessments with the North East Ambulance Service. Well done to all of you!

**Factory Staff and Service Users
2011**

Check out our 'new look' web site www.thewoodfuelcentre.com which will keep you in touch and updated with everything we do and offer. It also gives you links to our Mental Health Charity, Blyth Star Enterprises.

We now supply smokeless fuel in 25kg pre packed bags that can be added to your order.

**From our workshops in Blyth we make to order with your own design and sizes:-
LOG STORES**

Ideal for outdoor storage and air drying your logs.

We are cutting now for next winter so all of our logs are well seasoned and ready for burning. All of our kindling is kiln dried below 10% moisture content so it's easy lighting and a good starter for your fire or stove.

We now supply Biomass fuel (woodchip) to 2 schools and are hoping to gain another 3 contracts for local academies. Fingers crossed!

Congratulations to Mrs Mayne on winning a FREE dumpy bag of logs in last years July Promotion.

Don't forget to take advantage of our summer promotions and enter this year's July free draw and August deferred payment scheme.

Bye for now

Best Regards,
Neil
